Guest Computer Users and Walk-in user Agreement

As a Guest User of the UCS community, you are permitted to use its IT Facilities for the purposes of your studies and/or your work.

In addition to general access to word processing, internet and email facilities, you may have access to licensed subscription resources, as they are made available to UCS staff and students. This access is granted under the authorised use by walk-in users.

In applying to access these resources, or to gain access to the internet to view other resources, you must agree to the following terms and conditions. These are in accordance with the rules and regulations for use as laid out in the UCS Guidelines for use of IT facilities.

2. You must not use UCS IT facilities for any unlawful activity.
3. You must not use UCS IT facilities to defame, harass, offend, or hinder another person by the creation, transmission, storage, download or display of materials or by other means.

6. Unless you have express permission to do so, you may not enter into any contracts or commitments in the name of UCS nor arrange for the delivery to UCS of any goods ordered on the Internet.

Failure to observe these obligations may lead to withdrawal of your access to some or all UCS IT facilities. In the case of staff or students employed by or studying at other organisations, UCS will notify their employer of any breaches of this policy and will work with that institution to ensure appropriate action is taken.
